

SLIDE 10

Comprehensive Environmental Response, Compensation and Liability Act (CERCLA)

Comprehensive Environmental Response, Compensation and Liability Act (CERCLA) was enacted in 1980 and regulates hazardous waste disposal. It also called the Superfund

Additionally, CERCLA assigns liability for cleanup costs associated with contaminated property

SUMMARY									
Real Estate Planning									
Goals of land use control	Preserve property values; promote highest and best use; safeguard public health, safety and welfare; control growth; incorporate community consensus Process: develop plan; create administration; authorize controls								
The master plan	Long term growth and usage strategies; often required by state law Local plans fuse municipal goals and needs with state and regional laws								
<p>Slide 2</p>	<div data-bbox="386 1060 1091 1612"> <p>Summary</p> <table border="1"> <tr> <th colspan="2">SUMMARY</th> </tr> <tr> <td>Planning objectives</td> <td> Control growth rates: how much growth will occur and at what rate Control growth patterns: type of growth desired, where it should be located Accommodate demand for services and infrastructure </td> </tr> <tr> <td>Plan development</td> <td> Research trends and conditions; blend local and state objectives into master plan </td> </tr> <tr> <td>Planning Management</td> <td> Commission makes rules, approves permits, codes, and development plans </td> </tr> </table> <p>Section 19: Planning, Zoning, and Environmental Hazards </p> </div>	SUMMARY		Planning objectives	Control growth rates: how much growth will occur and at what rate Control growth patterns: type of growth desired, where it should be located Accommodate demand for services and infrastructure	Plan development	Research trends and conditions; blend local and state objectives into master plan	Planning Management	Commission makes rules, approves permits, codes, and development plans
SUMMARY									
Planning objectives	Control growth rates: how much growth will occur and at what rate Control growth patterns: type of growth desired, where it should be located Accommodate demand for services and infrastructure								
Plan development	Research trends and conditions; blend local and state objectives into master plan								
Planning Management	Commission makes rules, approves permits, codes, and development plans								

Slide 3

Summary

SUMMARY	
Public Land Use Control	State laws; local regulations, zones, codes; public ownership; private restrictions
Zoning	"Police power" granted by state-level enabling acts; zoning ordinance: creates zones, usage restrictions, regulations, requirements
Types of zone	Residential, commercial, industrial, agricultural, public, PUD
Zoning administration	Zoning Board of Adjustment oversees rule administration and appeals Nonconforming use: legal if use prior to zone creation; variance: exception based on hardship; special exception: based on public interest; amendment: change of zones; rezoning

Section 19: Planning, Zoning, and Environmental Hazards

Slide 4

Summary

SUMMARY	
Subdivision regulation	Plat of subdivision and relevant requirements must be met and approved; must meet FHA requirements for insured financing
Building codes	Comprehensive onsite and offsite construction and materials standards; must be met to receive certificate of occupancy
Public Acquisition and ownership	Eminent domain: public power to acquire property for public use

Section 19: Planning, Zoning, and Environmental Hazards

Slide 5

Summary

SUMMARY	
Private Land Use Control	
Deed restriction	Single-property use restriction as stipulated in a deed; may not be discriminatory
Declaration restriction	Use restriction in multiple-property declarations; enforced by court injunction
Deed condition	usage restriction that can trigger repossession by a previous owner if violated

Section 19: Planning, Zoning, and Environmental Hazards

Summary

SUMMARY	
Environmental Controls	
Areas of concern	Air, soil, water quality; ambient health hazards; natural hazards
Major legislation	Limits damage to environment; standards for air, land, water, materials use
Responsibilities & liabilities	Disclosure and information for practitioners; remediation for owners
